SUBJECT: RAPID RESPONSE INCREMENTAL FUNDING

The purpose of this information bulletin is to notify Service Delivery Areas and program operators that the Job Training Partnership Act Title III 40 Percent Rapid Response funding will be made available via subgrant agreement modification on an incremental basis. The first increment of funding to be made available will be 50 percent of the grant award. The subgrant modifications to add the first Rapid Response funding increment are in process.

The remaining Rapid Response funding increment will be withheld until after the mid-year expenditure review. The mid-year expenditure review will be based on the expenditure reports for the December 1999 quarter, which are due to the Job Training Partnership Division on January 25, 2000. The remaining Rapid Response funding increment will be released based on demonstrated need and projected usage derived from the mid-year review. This incremental funding process has been instituted as part of our ongoing management strategy to ensure the availability of funds to meet worker dislocation needs.
